

Plan Ahead group seminars are an easy, commitment free way to ask questions about arrangements and family planning in a relaxed setting. Semina will include cremation and traditional burial arrangement information. When we plan ahead, we protect the ones we love on a day they will need it most. Follow QR code to register on our website or e-mail us if you would like to attend our next seminar.

Wed. 11/12/25 @ 4:30 pm

Special Savings for lot owners and family members. For families looking to add spaces to their memorial estate or for those that have not planned ahead yet, we have a special \$600 lot savings program with 0% payments for up to 3 years.

Interested families may use the \$600 as all or part of their initial investment. Please reach out to family service representatives for more details or to arrange a park tour. Tours may be arranged 7 days a week.

Chris DePiero, over 7 years of service

Nathan Nye, over 5 years of service

Augie Sabia, 1 1/2 years of service

Fall is a great time to visit the park. As always, all are welcome from sun-up to sun-down to enjoy the natural beauty, solitude, and safety of the Park.

Fall Reminders:

- Flower vases should not be used after Nov. 24th to prevent freezing.
- Candlelight Service this year will be held Sunday, Dec. 7th @ 4:15pm
- Please only park vehicles on the pavement when visiting
- You may place ornaments on the Christmas tree beginning 11/29. Any ornaments you want to keep should be retrieved by Jan. 5th.

Plan-Ahead Programs Since 1933

"Love the life you live. live the life you love"

Join us at the Holiday Candlelight Service Sunday, Dec. 7th at 4:15 pm.

Our entertainment will include singing by the Beverly High School Choir as well as selected readings by lot owners and staff.

We welcome everyone to attend this free family event. Donations raised during the event will support “Gina’s Giving Back”, which provides over 1,000 local families in need with holiday meals. You may also bring shelf-stable foods to donate. Visit our Facebook page or website to find the latest information regarding the event.

Refinishing service for older bronze memorial that families want to restore to original pristine condition:

- ◆ The memorial will be removed from the lot and the concrete or granite base it sits on.
- ◆ The memorial will be sandblasted to remove all old finishes and oxidation.
- ◆ Several coats of new color will be applied.
- ◆ Raised areas are hand-buffed to expose & highlight the gleaming bronze beneath.
- ◆ A new protective clear coating is applied to seal the finish.

Memorial will typically be returned to the lot within 5-7 business days. Inquire at office.

Family Unity is important to many of us. We often receive requests to find space nearby to loved ones and sometimes we do not have availability nearby. In response to these requests, the Directors approved a New Program whereby current owners can exchange an unoccupied lot for a lot in an area with adjacent space availability. This enables family members to arrange lots adjacent to you. Until year-end, all lot transfer fees will be waived enabling current owners to move lots at no charge.

New Family Unity Program

- ◆ Move your unoccupied lot at not charge to an area with availability.
- ◆ Family may arrange adjacent lots with 0% payments for up to 3 years.

Lot Owners should periodically do a records review with a family service representative. This enables them to make any changes or arrange products and services needed at today’s cost, freezing the price from future increases.

Referrals is our most dependable source of new families is from your referrals. If **Planning Ahead** makes sense to you, please pass our information along to your family and friends.

"Kindness is the only service that will stand the storm of life and not wash out" — Abraham Lincoln

Several niche units have been added to the Hawthorne area. We have 4 other units at the park that will be installed in 2026.

Developing 100 lots in the center of Cathedral Pines has helped us serve families looking for lots nearby to family members.

Families continue making selections in the newly developed Preserve area.
